CUSTOMER NAME

Leading Manufacturer of Glass

INDUSTRY

Heavy Industry

APPLICATION

Glass Toughening Machine

PRODUCT / SOLUTION

UPS

LOCATION

West Bengal

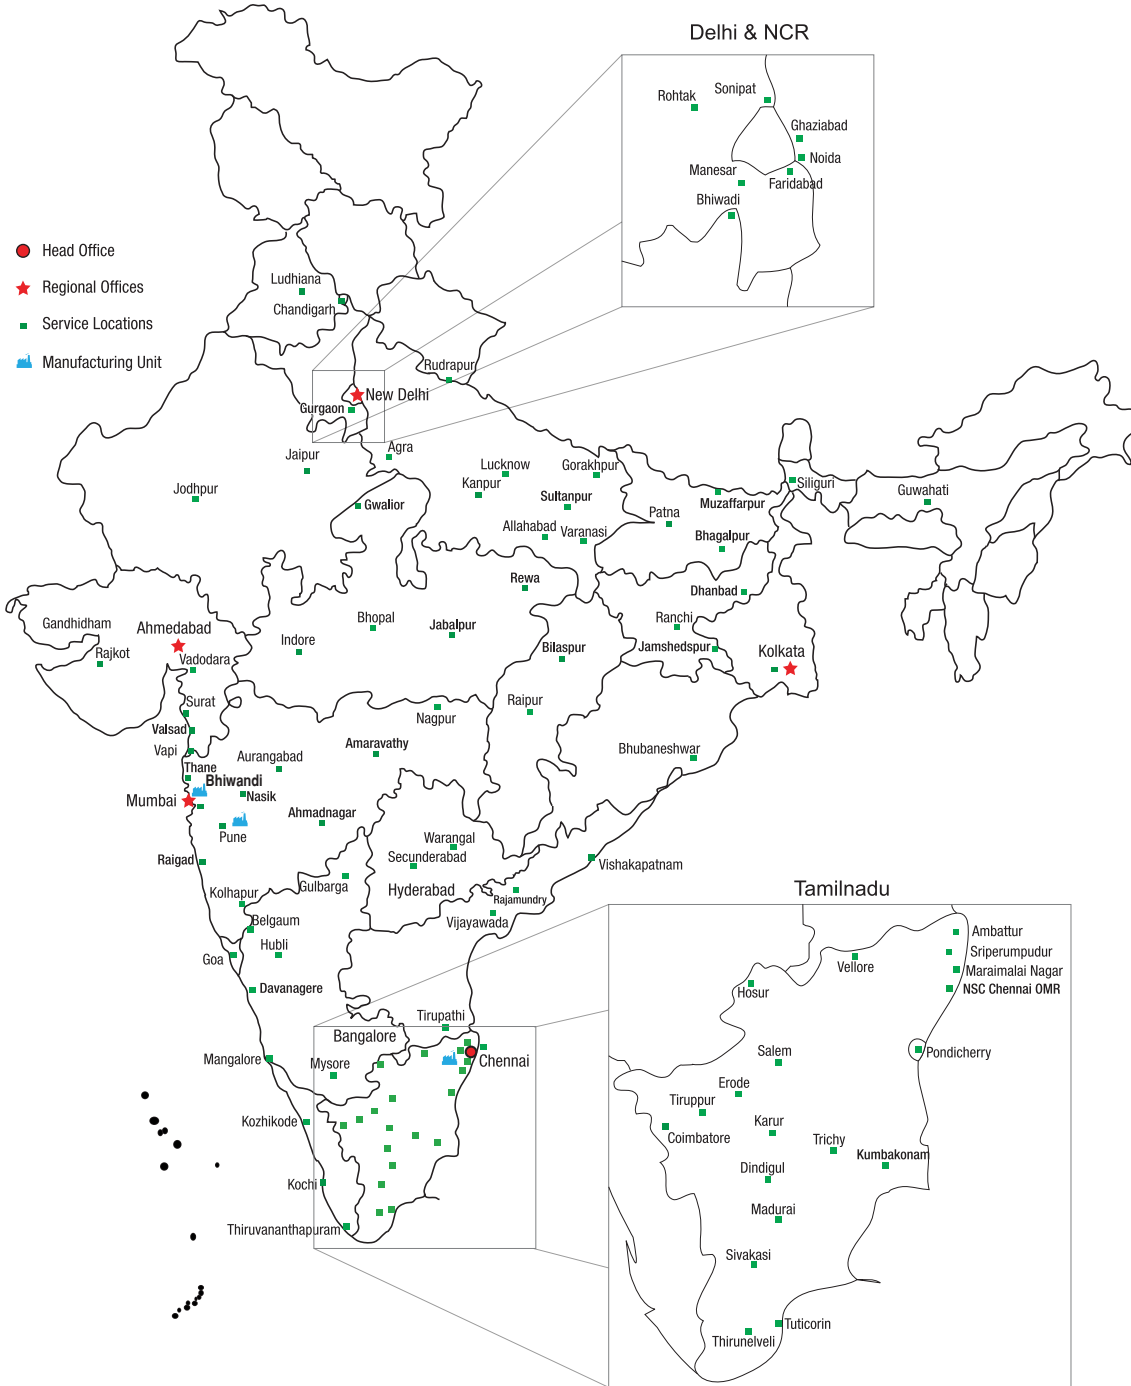

FUJI ELECTRIC SOLUTION **RESULT**

The team of engineers from Fuji Electric studied the site and the operations of the glass toughening machine and noted that it runs on high current. Based on this they recommended the installation of a Falcon 8500 UPS of 30 KVA rating and Falcon 3000 UPS of 30 KVA rating to support the glass toughening machines.

The customer is satisfied with the solution suggested by the Fuji Electric team as the operations of the customer which is in a continuous cycle has been operating without any interruptions.
